Guardian

GUARDIAN CHAIR FEATURES

Pivoting arm pad

To pivot arm inwards or outwards: push button, turn pivot pad and release button to lock.

Arm height adjustment

To raise arm, pull arm pad up. To lower, pull arm to highest position and arm will unlock and drop to lowest setting.

Tension

Turn knob clockwise to increase tension; turn counter-clockwise to decrease tension.

Arm width adjustment

To increase arm width, pull arm outwards at base of arm. To decrease arm width, push arm inwards at base of arm.

Pneumatic height adjustment

To lower seat height, turn lever up. To raise seat height, turn lever up with your weight off the seat.

Multiple position tilt lock

To lock tilt, turn knob upwards. To unlock tilt, turn knob down and lean back into chair.

Breakaway arms

Adjustable breakaway arms fold out of the way for easy entry and exit, especially for officers in full gear.

GUARDIAN

The Guardian is a durable, heavy-duty chair perfect for intensive use over long periods of time. Designed with optimal functionality in mind, it features a heavy-duty gas lift, knee pivot synchro tilt control and a waterfall seat. In addition, the Guardian also provides long lasting comfort and support. Included in the design are thick, multidensity contoured cushions, extra large seat and back and adjustable breakaway arms.
